To

B. Ramasvamaiya Esq., B.A.,B.L.,
Secretary to the Government of Mysore,
Revenue Department, Bangalore.

Sir,

I have the honor to forward herewith in original, an application from the Secretary, Village Improvement Committee, Sultanpet, praying that the Sante, sanctioned in G.O.No.R.3887-8-L.B.44-19-2 dated 12th September 1919, be ordered to be held on Fridays, instead of on Tuesdays as at present. Under the circumstances explained in the application, I recommend the prayer may be granted, as it adds much to the popularity of the Nandi Hill Station, in supplying fresh and good vegetables, and other necessary articles. The day (Friday) is also more convenient to us, since more visitors come in week ends than in the middle of the week.

I have the honor to be,

Sir,

Your most obedient servant,

Superintendent,

Sir,

With reference to your letter No. R. 12293 L.B. 44-19-17 and subsequent reminder No. R. 184 L.B.44-19 dated the 20th April, and 5th July 1920, calling for the resolution of the District Board, in regard to the holding of the Santhe at Sultanpet on "Fridays" instead of on"Tuesdays", I have the honour to state that the Municipal Council of Chickballapur Town, who are interested in the matter are apparently opposed to the proposed change, as will be seen from the resolution No. 11 passed by them on 27-5-1920. The subject was considered at the last meeting of the District Board held on the 12th June 1920, along with the Municipal Council's resolution, when the Board resolved to refer the matter to the Taluk Board for opinion.

2. The President, Taluk Board of Chickballapur has since submitted a copy of the resolution of the said Board, which is in favour of the proposed change tentatively for a period of one year.

3. As the two local bodies disagree, the matter will be placed again before the District Board for their final decision, at the next meeting to be held on the 24th July 1920, and the result will be communicated after the meeting is over with a copy of the Board's resolution.

Copies of the resoultions of these three local bodies are also enclosed.
